INOVODE

OBJECTIVE OF THE WEBSITE

Make it easier for customers to make table reservations to reduce restaurant congestion, especially for those who want to hold events at the restaurant

TARGETS AUDIENCE

We target individuals who want to dine together at a restaurant. We also target individuals or groups who want to hold a party at a restaurant.

INOVODE

BACKGROUND STORY

we create restaurant website bcause
we often to restaurant but restaurant
full of others but we can bpoak early
because the restaurant didn't have a
website
